

LV CICA International Conference on: Global Commons & Security trends: towards a peaceful 21st century

Monday,
May 25th-27th, 2020

Madrid, Spain

Main Topics

- **Earth:** both polar regions, Arctic and Antarctic, and, *late sensu*, the advanced borders.
- **Sea:** ocean depths and non-territorial waters, with the mining of its resources, such as minerals and fishery; as well as the global migration in the middle of nowhere (for instance, in the Mediterranean sea or in the Indic ocean).
- **Air:** with the increasing of the aerial navigation and its use for military operations and for terrorist attacks.
- **Outer space:** including the moon and other sidereal bodies.
- **Cyberspace:** including the risk of its non-peaceful use by state and non-state actors.
- **Security and legal implications** related with the above areas.
- Towards a **peaceful 21st century**.
- Conflict and Aggression.
